

Walk to School *With the* **OREDIGGERS**

Walk to school with Montana Tech Student-Athletes.

Each elementary school will have designated meeting points for students to walk to or dropped off at. At these points, there will be Tech Student-athletes to walk with the students to school. We will form a “Walking School Bus” and pick-up students as we walk to school. Inter-mountain Health, the Lance Scholars Program through the Montana Tech Foundation, and the Montana Tech Mining Engineering Department have teamed up to provide the t-shirts for all kids on this day.

OCTOBER 1ST
